

the Seven stars of MCh (Orth) Dundee

Presented to Professor Rami J. Abboud
from the MCh (Orth) Class of 2015-2016

1. REFRESH your orthopaedic knowledge

You are taught through a series of lectures and seminars by the best specialist teaching faculty across the entire UK. This helps orthopaedic surgeons to refresh their in-depth knowledge about basic sciences, biomechanical and surgical techniques and recent advances in orthopaedics. In addition you are enlightened with dry bone and cadaveric workshops during your study.

2. REFINE your surgical skills

This course provides clinical attachment with consultant orthopaedic surgeons during your study without the need for GMC registration, and allows for hundreds of hours of operating theatre assistance and experience which helps you refine and enhance your surgical skills.

3. REDEFINE your research ability

Personal attention is given to you by a supervisor to carry out your research project during your study. You are guided systematically which helps to redefine and enhance your research skills. This inspires you to continue to research when you return to your country. Many students have published their research in peer-review indexed journals and some have patented their invention during their study.

4. REMARKABLE career experience

The state of art "Institute of Motion Analysis and Research" (IMAR) at the Department of Orthopaedic and Trauma surgery is one of the leading biomechanics and motion analysis Centres in the world. It provides a diverse range of research, clinical and learning opportunities to investigate something new in the world of orthopaedics which remains a remarkable experience in your career.

5. RCSEng Royal College of Surgeons of England

This is the only face-to-face course fully accredited by the Royal College of Surgeons outside of England, and only further strengthens the course's reputation as the leading degree in the very competitive field of orthopaedic surgery.

6. REDISCOVER your student life

The University of Dundee is rated 5th for medicine in the UK and has been named among the best for student experience. The campus is a perfect blend of joy, fun, excitement, and is an ideal place to rediscover your student life which you can cherish forever. The city of Dundee prides itself for providing quality of living at an affordable price when compared to all UK cities.

7. RAMI ABBOUD, Prof, A pioneer

Who is accountable for the supremacy of the MCh (Orth) Dundee course. His passion and vision in continually striving to improve upon the existing course syllabus by attracting a world-famous teaching faculty and for regarding Alumni as friends and ambassadors. His dedication to teaching, and research was recognised by being awarded an Honorary Fellow, of the Royal College of Surgeons of England; a rare accolade awarded only to internationally recognised figures in their speciality.
